Dear Mr. Shoreman:

I am writing to you as a confirmation letter to our conversation of this date.

When I asked when I had gotten a letter giving me a notice of Collection Due Process Hearing (CDPH), you indicated that I had never gotten one. You, also, stated that your agency could collect monies or property without one.

When I asked you for the law concerning the right to collect without the CDPH, you refused five times to give this to me.

The Collection Appeals Form that was sent is not a request for a CDPH nor was it received before monies had been collected.

If the preceding is not true, you have ten days for rebuttal. If I have not heard within the time frame, it will be regarded as true.

Yours,

John H. Patriot
