Congressman
The Federal Building
Austin, TX

Dear Congressman:

The Social Security Administration is garnishing my social security retirement benefit in the amount of 15% under the Treasury Offset Program (TOP). The 15% is being sent to the IRS.

This is a hardship on me. This is all I have to live on. I do not have enough to pay my bills. I really need your help.

Attached is my letter dated today to the Social Security Administration in my town. This letter is self explanatory.

I need some help. Please contact the Social Security Administration on my behalf. Ask them to give me the hardship waiver which I am entitled to under the law.

Yours truly,

Ronald Patriot

To Whom It May Concern:

The Social Security Administration has removed from my retirement benefit check the amount of 15% or \$128.10 monthly under the Treasury Offset Program (TOP). This offset was sent to the IRS.

This is a hardship for me. This check is all I have to live on. I do not have any other income or monies. I request that the 15% offset be waived and/or removed due to hardship.

Sincerely,

Ronald Patriot
